COVID-19 Safety Plan
The Cathedral of the Immaculate Conception
416 W 12th Street, Kansas City, MO 64105
Contact: Dr. Mario Pearson mpearson@kcgolddome.org
     816-842-0416 x119

All performing organizations will follow safety guidelines in place at the Cathedral.

- The Cathedral is primarily a place of worship, but because of our beautiful space and buoyant acoustics, we also serve as a venue for performing arts organizations.
- We recommend organizations performing in the Cathedral be registered with and complete Missouri Arts Safe certification. www.missouriartsafe.org.
- These written plans must be provided to the Cathedral music office before the performance is confirmed on our calendar.
- Organizations who have not completed the Missouri Arts Safe certification must comply with the Cathedral protocols indicated below.
- Performing organizations must provide for the following safety measures at their rehearsals and performances. These include social distancing for performers in the space, scheduled breaks during the rehearsal to air out the space, health screening - provide for temperature checks. Any performers or patrons with a temperature of 104 or greater are not permitted inside the building.
- Wearing face masks is required while inside the building.
- Contact tracing protocols for performers and audience members through services such as sign up genius etc.
- In addition to providing their organization's own safety protocols, performing organizations will follow the Cathedral protocols listed below.
CATHEDRAL SAFETY PROTOCOLS

To ensure that we may Create Safely, Present Safely, and Attend Safely, we pledge to:
  - Facial coverings
  - Social distancing
  - Health checks
  - Contact tracing
  - Contactless experience
  - Reduced capacity
  - Enhanced sanitation
  - Training in COVID-19 safe practices

- The Cathedral protocol includes signage throughout the building alerting patrons to safety procedures.
- Hand washing procedures and hand sanitizers are available in the facility.
- Our safety protocols include PPE - Personal Protective Equipment: Masks, gloves for volunteers, and mask-wearing for all patrons with personal responsibility to validate our commitment to the safety of all.
- Capacity within city guidelines and maximum venue capacity is 200 people. This number may change pending any directives from the City or the Diocese.
- Everyone wearing face masks enters and exits through the main Cathedral entrance.
- Pews are marked with tape to provide for appropriate social distancing.
- Aisles are marked with tape to assist with 6 feet of social distancing.
- The interior cathedral doors are left open, as well as the main entrance to maintain airflow.
- Face masks are worn at all times while in the Cathedral.
- Four (4) people seated per pew unless they are from the same family.
- Paperless policy. Ticket receipts should be available on phones and smart devices.
- All programs and flyers should be available in PDF format, and available online that can be accessed through QR codes.
- Any physical handouts such as flyers etc., should be placed in the pews by the ushers before the event start time, and any left in the pews will be removed by ushers wearing gloves after the event.
- Ushers must wear face masks and gloves when handling equipment and/or objects.
- Ushers guide patrons to their seats and monitor patrons wearing masks.
- The program should be presented without an intermission.
• Audience members are dismissed by the ushers beginning with the back-row pews.
• Patrons and organization members should vacate the premises as soon as the event has concluded.
• Cathedral ushers will spray down seating areas used by patrons after the event.
